**Subject:** Important Announcements for CEG3 Students, AY2016/17 Semester 2 - Please read.

**This email is meant for CEG3 students of AY2014/15 intake.**

Dear CEG3 Students

**Please note the following important announcements regarding module registration for semester 2, AY2016/17:**

### **1. Modules Registration via CORS**

The various dates and activities for each bidding round are stated on the CORS website <http://www.cors.nus.edu.sg>. Round 0 will commence tomorrow, 28 Dec (Wed). You may refer to the recommended study schedule at <http://www.ceg.nus.edu.sg/students/studyschedule.html> before bidding in CORS.

### **2. Core Modules**

- If you meet the (respective) pre-requisite(s), please **bid** for CG3002, EE3031, EE3204 and/or EG2401 in CORS from **Round 1A** (R1A).

EE3031 L4 & L5 (Thurs 6-9pm) will NOT be available unless demand surges in latter rounds.

For EG2401, after successful bid for its lecture, ballot for a tutorial group in CORS from **13 - 18 Jan 2017 (iteration 2)**. All eligible CEG3 students can bid for EG2401 evening lecture class. However, as there are limited number of evening tutorial classes, only IA students (with successful bid) will be pre-allocated a EG2401 evening tutorial. Thereafter, then the remaining places (if any) will be open for balloting (for all Engineering students with successful bid).

- Referring to [http://www.eng.nus.edu.sg/ugrad/MS\\_timetable.html#4](http://www.eng.nus.edu.sg/ugrad/MS_timetable.html#4), HR2002 will be open for bidding to year 3 students, only from R2B onwards (if any remaining places from earlier rounds).

**NOTE 1: It is the students' responsibility to ensure there are no clashes in timetable (lecture, tutorial, lab and exam) for all the modules.** Students are NOT allowed to read modules with clashing timetable.

**NOTE 2:** Applicable for students who have not passed Year 1 and/or 2 core modules

<b>Module</b>	<b>Recommended Action</b>
EE202x	EE2 core modules are not available for bidding in CORS. If you wish to add or drop any EE2 core modules, please complete add/drop form at the ECE General Office @ E4-05-45, by 6 Jan 2017.
Other CEG core modules	Bid via CORS from R1A onwards. If a particular module is not available, email me for further instructions.

### **NOTE 3: Workload Policy for first two Bidding Rounds**

For students with a CAP of **more than or equal to 2.0**, the maximum workload (pre-allocated & bided modules) is 23 MCs for Rounds 1 and 2, and 25 MCs for Round 3 onwards. This means that students

can bid up to 23 MCs (inclusive of pre-allocated modules) up to Round 2, and up to 25 MCs from Round 3 onwards.

For students with a CAP of **less than 2.0**, the maximum semestral workload is 20 MCs for all bidding rounds. This means that you cannot exceed a workload of 20 MCs in the semester.

**NOTE 4:** You are advised not to overload yourself by taking more than the recommended workload. If you still wish to increase your semestral workload to **above 20 or 25 MCs**, you must do so, preferably by 9 Jan 2016, by **emailing the following the following information to your Year 3 Coordinator A/Prof Bharadwaj Veeravalli ([elebv@nus.edu.sg](mailto:elebv@nus.edu.sg)) & c.c. me ([cegcnw@nus.edu.sg](mailto:cegcnw@nus.edu.sg)):**

- i. Personal details (full name, student number, course code, current CAP)
- ii. Total MCs you planned to take in semester 2
- iii. Semester 2 work plan (module code, title and MCs for the respective modules)
- iv. Supporting reasons for exceeding maximum workload in semester 2

**Please note that even if you are granted the extra MCs, you can only bid from Round 3 (9 Jan) onwards.**

### **3. CEG Technical Electives**

There are numerous modules serviced over as CEG Technical Electives (TEs), module type code '12'. If you have satisfied the pre-requisites, you may bid for these modules from R1A.

- You are encouraged to read modules hosted by CS/ECE which are listed as TEs under the six concentrations; refer to <http://www.ceg.nus.edu.sg/curriculum/electives.html>.

- Quotas set to 'Joint Multi-Disciplinary Programmes' are based on past demand and supply (from respective host departments).

- Cut and paste from TE page, "... While there is no necessity, students may opt to specialise in a particular concentration. To do so, a student (AY2013/14 intake & prior) must read all three depth modules from the same concentration. If student is from AY2014/15 intake (& after), he/she must read all three technical electives (i.e. either 1Breadth + 2Depth, OR 3Depth) from the same concentration."

Please note that the above point does NOT constitute formal requirements for 'specialisation', so, it will NOT be reflected in the scroll or transcript. Nonetheless, to encourage students to read modules which are listed under the six concentrations, students who read & passed a) all three TE Depth modules from the same concentration (AY13 intake & prior), OR b) all three TE from the same concentration (AY14 intake & after) will be awarded a certificate *upon request*. Please look out for the email blast in Year 4 (tentatively targeted for Feb & Sept) and respond by the stipulated deadline.

#### S/U Policy

ALL CS and EE level 3000 and 4000 modules (regardless taken to fulfill technical elective or unrestricted elective requirements) must be read on graded basis (i.e. cannot opt for S/U).

- No more/very few CS3230, CS3241, CS3243, CS3247, CS4218, CS4222, CS4231, CS4238 & CS4247 place left after MPE, so no quota serviced over for bidding. Please be flexible in your choice of TEs and consider other modules.

If you are not able to secure a TE via bidding in R1A and there's no quota/queue already, you may:

- a) try again in R2A (some modules may be available as ULR Breadth 'U9', if applicable. The module type code will be converted after CORS), and/or
- b) try again in R3 (when queues merged, if applicable), and/or
- c) submit CORS appeal after R3B [under 'Appeal Type: Unable to secure module (Only available after bidding round 3B ends)']; it'd be auto-routed to the host department for consideration\*.

\*Please do not email me to appeal/request for pre-allocation of CS/EE TEs; not possible, my hands are tied. Please be flexible in your choice of TEs. Priority should be given to core modules.

Last but not least, a reminder that CEG students are bidding under 'JOINT MULTI-DISCIPLINARY PROGRAMMES' queue (in round 1 and 2); if there isn't any queue/quota for a particular module, your bid will not get through (likely remain as 'advance bid'). Refer to <http://www.nus.edu.sg/cors/useful-info.html> > Modules Available for Lecture Bidding Reports.

#### **4. University Level Requirement (ULR) and Unrestricted Elective Module (UEM)**

Students who wish to take ULR (SS, GEM, ULR Breadth) and/or UEM have to ensure that the timetables of these modules do NOT clash with the class (lecture, tutorial & lab) and examination timetables of their core modules.

For more details, please refer to:

- SS and ULR Breadth [http://www.eng.nus.edu.sg/ugrad/MS\\_ulr\\_modules.html](http://www.eng.nus.edu.sg/ugrad/MS_ulr_modules.html) - *there are a few serviced ULR modules available for bidding from R1A.*
- GEM website <http://www.nus.edu.sg/gem/>

You will need to bid in CORS for these ULR and/or UEM; please refer to <http://www.cors.nus.edu.sg/useful-info.html> for information regarding CORS bidding rounds.

#### **5. Important Websites**

You can refer to the following websites for important information on:

- CEG Third Year Students website (including the lecture timetable of the core modules) at [http://www.ceg.nus.edu.sg/students/third\\_year.html](http://www.ceg.nus.edu.sg/students/third_year.html)
- Programme requirements and Technical Elective rules at <http://www.ceg.nus.edu.sg/students/ceg3TE/>
- S/U policy at <https://myportal.nus.edu.sg/studentportal/academics/ug/su-homepage.html>
- Recommended study schedules at <http://www.ceg.nus.edu.sg/students/studyschedule.html>
- FFG checklists at [http://www.ceg.nus.edu.sg/students/FFG\\_Checklists.html](http://www.ceg.nus.edu.sg/students/FFG_Checklists.html)
- Examination timetable at <https://myportal.nus.edu.sg/studentportal/academics/all/examination-directory.html>. **Please check for timetable/examination clashes before bidding for your modules.**

For enquiries, please email me at [cegcwn@nus.edu.sg](mailto:cegcwn@nus.edu.sg).

You are reminded to check and clear your NUSNET email regularly. For ease of correspondence, please retain the email history and sign-off with your full name and student number. FYI, emails sent from students' personal email accounts have been (randomly) routed to my spam/junk folder (which I don't check).

Regards  
Winnie
