Welcome to Semester 1, Academic Year 2019/2020!

Dear CEG2 Students,

Please take note of the following important announcements regarding module registration:

1. Module Registration System

Module Registration is done via ModReg@EduRec (myEduRec > Academics > Module Registration). Please take note of the various dates for each module selection round as stated at the ModReg Schedule Module Selection Round 1 starts on 25 July 2019. Refer to the website http://www.nus.edu.sg/ModReg/ for the detailed information.

Please look through the User guide / videos and learn how to use the ModReg system before the 25 July 2019.

2. Pre-allocation of Core modules

NOTE 1: The core modules will be pre-allocated to you only if you have fulfilled their pre-requisites. Please refer to the Recommended Schedule for CEG students at https://ceg.nus.edu.sg/students/studyschedule/ (look for Recommended study schedule for AY2018/19 intake students) for the modules you are recommended to take in this semester.

NOTE 2: If you want to re-take any year 1 core module(s), you are required to select for the module(s) via ModReg from Round 1 onwards. You may contact me (comlowmb@nus.edu.sg) if you have further queries on re-taking these modules.
Please check the schedule to ensure that there are no timetable clashes with your year 2 core modules.

**NOTE 3:** Students who are required to take (ES1000/ES1103) English modules may select a sectional group from Round 1 (25 July) onwards. You should read and pass this English requirement in Sem 1, AY19/20. The pre-req of CS2101 is ES1103.

**NOTE 4:** CS2101+CS2113T is twinned module and will be pre-allocated. Please refer to [Second Year students](#) for the schedule. There is class size constraint on the number of students in each group. If you wish to request to switch to another group, please seek a mutual swap with your friend from another group before emailing me for swapping with your details.

**NOTE 5:** Please check ModReg account for the pre-allocation of either CG2271 or CG2027 & CG2028 by 1 Aug 2019. Due to limited quota for both modules, we will not allow for any switch between the modules unless you have strong justifications to do so.

**NOTE 6:** Workload Policy for first two Bidding Rounds

For students with a CAP of **more than or equal to** 2.0, the maximum workload (pre-allocated & selected modules) is 23MCs for Rounds 1 and 2, and 25MCs for Round 3 onwards. This means that students can select up to 23 MCs (inclusive of pre-allocated modules), up to Round 2 and up to 25 MCs, from Round 3 onwards.

For students with a CAP of **less than** 2.0, the maximum semestral workload is 21 MCs for all selection rounds. This means that you cannot exceed a workload of 21 MCs in the semester.

The minimum semestral workload is 18 MCs. Refer to [Undergraduate continuation and graduation requirements](#) for details.

*Many students often consider Year 2 the most difficult year and 4 core modules can sometimes feel like 5 or 6 modules (depending on your individual’s abilities). For students with low CAP, you are advised to spread out your modules evenly. For*
students who are on the borderline, you might even want to consider dropping one of the pre-allocated modules. Please email me regarding this (dropping of pre-allocated module).

**NOTE 7:** You are advised not to overload yourself by taking more than the recommended workload. If you still wish to increase your semestral workload to **above 21 or above 25 MCs**, you must do so prior the start of ModReg by emailing the following information to your **Year 2 Coordinator A/Prof Bharadwaj Veeravalli (elebv@nus.edu.sg) & c.c. me (comlowmb@nus.edu.sg):**

i. **Total MCs** you planned to take in semester 1
ii. **Supporting reasons**
iii. **Semester 1 workplan** (module code, title and its respective MCs - please check against ModReg for the most updated MCs)
iv. **Personal details** (student ID #, course code, current CAP)

Please note that even if you are granted the extra MCs, you can only select from **Round 2 3 onwards**.

### 3. Tutorial and Lab Groups Registration

4. University Level Requirement (ULR) modules

Students are required to fulfill 5 General Education (GE) modules under the University Level Requirement (ULR).

GE Modules: 5 Modules, each of 4MCs
GER1000 - Quantitative Reasoning (QR) pillar
GEQ1000 - Asking Questions (AQ) pillar
GETxxxx - Thinking and Expression (T&E) pillar
GESxxxx - Singapore Studies (SS) pillar
GEHxxxx - Human Cultures (HC) pillar

More details on the new GE requirements can be found at GE website.

5. Important CEG2 Briefing

An important Joint Department Briefing for CEG2 Students has been scheduled on 8 Aug 2019 (Thursday), 12pm in LT3 @ FoE. There will be talks on Year 2 curriculum, industrial attachment, etc. You are strongly encouraged to attend the session. Common Engineering students may also wish to attend the welcome tea for CEG1 freshmen; please refer to ‘Upcoming Events / Webcast Events’.

6. Important Websites

You can refer to the following websites for important information on:

- CEG Second Year Students website (including the timetable of the different modules)
- S/U Policy

Students are not allowed to exercise S/U option on Engineering modules including those taken as unrestricted electives UEs (unless these are GEMs hosted by the Faculty).

- Recommended study schedules
- FFG checklists
- Examination timetable Please check for timetable and exam clashes before selecting for your modules.
For enquiries, you may contact me via comlowmb@nus.edu.sg.

P/S: You are reminded to check and clear your NUSNET email regularly. For ease of correspondence, please retain the email history and sign-off with your full name and matric number.

With Best Regards,
