Dear CEG4 Students

If you intend to graduate at the end of Sem 1, AY2019/20, please:

a) check that you will be able to fulfill all requirements (core modules including technical elective rules, ULR/GE and UEM) to graduate using the AFG/FFG checklist (as per your intake academic year). If you have yet to complete any of the graduation requirements, select the modules via ModReg, AND

b) apply for graduation (AFG) via EduRec by Week 4 (6 Sept).

If you do not AFG, your name will NOT be in the graduation list and you will not be able to graduate. However, having applied/being able to apply for graduation does NOT mean you have fulfilled all graduation requirements. It only records your formal intention to graduate. You will still have to do a thorough check on whether you have completed all graduation requirements.

Notes:
1. It is your responsibility to check if you could fulfill all your graduation requirements (i.e. Programme/Major, ULR/GE and UEM requirements) and be able to graduate in Sem 1, AY2019/20.
   - You should NOT solely use the total number of MCs to check.
   - You should NOT solely depend on the ‘My Graduation Audit Report’ and/or ‘My What-If Report’ to check if you have fulfilled all graduation requirements.
   - You need to do a manual cross-check/tick & check’ using the AFG/FFG checklist and your unofficial transcript. If necessary, for the latter, refer to user guides ‘under Academics’ via Student Portal.

Any shortage of MCs/module (less than the required MCs/module) will render students UNABLE to graduate in Sem 1, AY2019/20. As such, please do a thorough check while the ModReg rounds are still ongoing, and select the required module(s).

Match your findings from the manual check (using AFG/FFG checklist and unofficial transcript) against your graduation audit report* (refer to mail below); both should tally. If it doesn’t, please flag to me; I will follow up in mid-Sept. Refer to point #2 below.

*On this note, it is Not necessary to re-declare/reclassify ‘extra’ TEs as UEM (and vice versa). As per my understanding, any/all ‘extra’ modules will (auto) count as UEMs.

2. For students with approved module mappings [or what we termed as ‘exceptions’ in EduRec, e.g. transfer-in, streamed in from common engineering, NOC returnees], where applicable, please retrieve our earlier correspondence(s), and track the fulfillment of the requirements yourself.
   FYI, graduation checks from my end will (only) start around mid-Sept or so i.e. I will only be able to ‘authorise exceptions’ in EduRec then.

3. DDP students have to track the fulfillment of their requirements manually. Please refer to the AFG/FFG checklists for CEG students in structured DDPs; do not presume that DDP students have the same requirements as students in single BEng(CEG) degree.

4. For USP students graduating in Sem 1, AY2019/20, please see Ms Lesley Poong at Office of Undergraduate Programmes (OUP) @ EA-03-12 to get your USP modules mapped and approved as soon as ModReg ends. Please forward a copy of the approved mapping to me, by mid-Sept. For queries regarding USP mapping, please check with OUP or USP Office.
5. Please access and check/clear your NUSNET email regularly and update your contact details (address, contact number) via EduRec.

For enquiries, email me at cegwcn@nus.edu.sg. PS: Type my email address instead of searching by name. There’s a student with the same name. For ease of correspondence, please retain email history and sign-off with your name and student number. FYI, emails sent from students’ personal email accounts have been (randomly) routed to my spam/junk folder (which I don’t check).

Students who fail to heed the above points and hence not fulfilling their graduation requirements on time, will bear the consequences of not being able to graduate in Sem 1, AY2019/20.

Thank you.
Regards
Winnie

Subject: Sem 1, AY19/20: AFG and Graduation Audit Report via EduRec

Dear CEG4 and CEG3 Students [from AY17 intake & Prior]

With effect from last AY18/19, NUS has transited to a function within Education Records System (EduRec) to help undergraduates track their graduation requirements.

Apply For Graduation (AFG)
‘Apply for Graduation (AFG)’ replaces the FFG function in CORS for undergraduates. If you are planning to graduate at the end of the semester, please indicate your intention to graduate via EduRec: Self Service > Degree Progress/Graduation > Apply for Graduation.

My Graduation Audit Report and My What-If Report
‘My Graduation Audit Report’ allows you to track your study progress and the graduation requirements that need to be fulfilled.

‘My What-If Report’ allows you to simulate various what-if scenarios with different set of academic program, major, second major or minor that you may be planning to take. It looks at the current set of academic program(s), plans you are taking and added/changed what-if program/plans, and it generates an overview of your degree progress based on the modules that you have passed, currently reading and/or added what-if modules.

<table>
<thead>
<tr>
<th>My Graduation Audit Report</th>
<th>My What-If Report</th>
</tr>
</thead>
<tbody>
<tr>
<td>The report shows all the modules that students have passed up to the present.</td>
<td>The report shows</td>
</tr>
<tr>
<td>The report excludes modules that students are currently reading.</td>
<td>- modules that you have passed</td>
</tr>
<tr>
<td>The report cannot do simulation.</td>
<td>- modules that students are currently reading</td>
</tr>
<tr>
<td></td>
<td>- simulated modules</td>
</tr>
<tr>
<td></td>
<td>The report can simulate various my what-if scenarios with different set of academic programs, majors, minor or second major.</td>
</tr>
</tbody>
</table>
Apply for Graduation and My Graduation Audit Report Schedule
The latest schedule for ‘Apply for Graduation’ and ‘My Graduation Audit Report’ are available at the ‘AFG and My Graduation Audit Report’ homepage within Student Portal.

For Sem 2, AY18/19, AFG function will open from today to 6 Sept 2019, while ‘My Graduation Audit Report’ will be available till 21 Nov 2019.
PS: Students reading module(s) in Special Term 2, AY18/19, will Not be able to access both functions between 2 – 26 Aug 2019.

Please refer to the ‘AFG and My Graduation Audit Report’ homepage for the up-to-date schedule and other related information.

==================================
Please note the current list of technical electives (TEs), in EduRec, is outdated e.g. new CS/EE 3000/4000 modules (first offer this semester) have not been reflected. I will only be able to update the changes in the TE list around mid-Sept 2019. By now, you should be aware that all CS/EE-coded level 3000/4000 modules (not listed within the six CEG concentrations) may count as CEG TE Breadth/Depth. As such, please do not get overly anxious if say, a TE shows up as UEM (or vice versa). If necessary, you may email and flag to me. However, I won’t be able to reply/follow up until mid-Sept.

Let me know if you require any clarification. Having said that, priority goes to CEG4 students graduating at the end of this semester. Seeks your understanding.

Regards
Winnie

Subject: Important Announcements for CEG4 Students - AY2019/20, Semester 1

This email is meant for CEG4 students of AY16 intake.

...  

2. Apply for Graduation (AFG)
If you are graduating at the end of Semester 1, AY19/20, please Apply for Graduation (AFG) via EduRec from 25 Jul – 6 Sept 2019 (end of week 4).
[Navigation after login: Self Service > Degree Progress/Graduation > Apply for Graduation].
Do check that you have fulfilled all requirements to graduate, using the AFG/FFG checklist (as per your intake year). For students who cannot AFG via EduRec due to whatsoever reasons, please flag to me.
