This email is meant for CEG3 students from AY18 Poly intake.

Dear CEG3 Students

Please note the following important announcements regarding modules registration:

1. Module Registration via ModReg
With effect from AY19/20, module registration is done via ModReg@EduRec (myEduRec > Academics > Module Registration); no more bidding via CORS.
- If you still haven’t (for whatsoever reason), please refer to the ModReg User Guide for Students, to learn how to use the ModReg.
- Please note the various dates for each module selection round. Round 1 of ‘Select Modules’ will start on Thurs, 2 Jan 2020.
- Refer to the ModReg website for the detailed information of how the rules-driven, priority-based allocation work.

- Also, if you still haven’t, refer to the user guide for the Academic Plan Application/Declaration (APAD) and complete your Academic Plan Declaration Now, as it should be completed 24 hours before participating in the module registration exercise.
Please note that it is Not necessary to declare your preferred CEG concentration via ‘Specialisation’ or ‘Tracks’. Anyway, CEG students will not/should not be able to select either (Specialisation/Track) via APAD (as they are not configured for student’s selection).
For ‘Specialisation’, there are only two specialisations applicable for CEG AY17 intake (& after) for which application (outside APAD) has already closed in June 2019. The next round will be likely be around June 2020.

2. Core Modules

<table>
<thead>
<tr>
<th>AY18/19 Poly</th>
<th>Modules to be pre-allocated</th>
<th>Via ‘Select Module’</th>
</tr>
</thead>
<tbody>
<tr>
<td>Students passed CG2028 (i.e. Exempted CG1111)</td>
<td>CG2023</td>
<td>-</td>
</tr>
<tr>
<td>Students pending CG2028 (i.e. Not exempted CG1111)</td>
<td>CG2023</td>
<td>CG2027</td>
</tr>
</tbody>
</table>

**NOTE 1:** The core modules will be pre-allocated to you only if you have fulfilled their pre-requisites. Please verify via ModReg on 9 Jan (Round 2) to ensure the correct modules have been allocated to you. It is the students’ responsibility to ensure that there are no clashes in timetable (lecture, tutorial, lab and exams) for all the modules. Students are NOT allowed to read modules with clashing timetable.

**NOTE 2:** For students who have not passed Year 1 and/or 2 core modules, please register via ‘Select Module’ in Round 1. You are highly recommended to read/repeat the year 1 & 2 core/fundamental modules ASAP. If a particular module is not available, email me for further instructions. For CG2271 or CS-coded core modules, please check with Mr Low lowmb@nus.edu.sg directly.

**NOTE 3:** Priority to read EG2401A (2 MCs) goes to Year 3 students i.e. if you are still tagged as ‘CEG2’ (for whatsoever reason), please wait until Round 3 (9 Jan) to select module (subjected to quota
availability). Do Not confuse EG2401A (2 MCs) with the old EG2401 (3 MCs); the latter is intended for Engineering students from AY16 intake (& prior).

**NOTE 4: Workload Policy**
- For students with a CAP of **more than or equal to** 2.0, the maximum workload (pre-allocated AND selected modules) is 23 MCs for Rounds 1 and 2, and 25 MCs for Round 3 onwards. This means that students can select up to 23 MCs (inclusive of pre-allocated modules) for Rounds 1 & 2, and up to 25 MCs from Round 3 onwards.
- For students with a CAP of **less than** 2.0, the maximum semestral workload is 20 MCs for all selection rounds. This means that you cannot exceed a workload of 20 MCs in the semester.
- The **minimum semestral workload** is 18 MCs.

*As with semester 1, students with low CAP are advised to space-out your modules evenly. You may even want to consider dropping one of the pre-allocated modules. Please email me regarding this (dropping of pre-allocated module).*

**NOTE 5:** You are advised not to overload by taking more than the recommended workload. If you still wish to increase your semestral workload to **above 20 or 25 MCs**, you need to email the following information to your Year 3 Coordinator A/Prof Bharadwaj Veeravalli (elebv@nus.edu.sg) & c.c. me (cegwn@nus.edu.sg):

i. Total MCs you planned to take in sem 2
ii. Supporting reasons for exceeding maximum workload in sem 2
iii. Sem 2 workplan (module code, title and MCs for the respective modules)
iv. Personal details (name, student ID., course code i.e. CEG2/CEG3, current CAP)

Please note that even if you are approved to take extra MCs, you can only select module (for the ‘extra’ MCs) from Round 3 (9 Jan) onwards.

3. **Tutorial and Lab Registration**

<table>
<thead>
<tr>
<th>Module</th>
<th>Tutorial</th>
<th>Lab</th>
</tr>
</thead>
<tbody>
<tr>
<td>CG2023</td>
<td>Packaged lecture &amp; tutorial – if pre-</td>
<td>Refer to ECE Lab Schedule and</td>

<td></td>
<td></td>
<td>verify in ModReg on 13 Jan</td>
</tr>
<tr>
<td>CG2027</td>
<td>Will be allocated on 16 Jan, following</td>
<td>N.A.</td>
</tr>
<tr>
<td>(Wk 1-6)</td>
<td>the same timing as your CG2028 tut</td>
<td></td>
</tr>
<tr>
<td>CG2028</td>
<td>Refer to ECE Lab Schedule and Select Tut from</td>
<td>Will be allocated to lab B02 (Fri 2-</td>
</tr>
<tr>
<td>(Wk 7-13)</td>
<td>14 – 20 Jan (preferably in Round 1 on 14 Jan)</td>
<td>5pm); verify in ModReg on 13 Jan</td>
</tr>
<tr>
<td>CG2271</td>
<td>Select Tut from 14 – 20 Jan (preferably in</td>
<td>Select Lab from 14 – 20 Jan (preferably</td>
</tr>
<tr>
<td></td>
<td>Round 1 on 14 Jan)</td>
<td>in Round 1 on 14 Jan)</td>
</tr>
<tr>
<td>EG2401A</td>
<td>Select Tut from 14 – 20 Jan (preferably in</td>
<td>N.A.</td>
</tr>
<tr>
<td></td>
<td>Round 1 on 14 Jan)</td>
<td></td>
</tr>
</tbody>
</table>
Note: Requests for tut/lab change will NOT be entertained after add/swap online (20 Jan).

4. CEG Technical Electives
If you fulfil the respective CS/EE-coded module’s pre-requisite(s), you may register via ‘Select Module’ from Round 1 onwards.
Note: IF any timetable clash, please give higher priority to core modules. Also, only students who have attained level 3 standing i.e. tagged as ‘CEG3’ based on accumulated number of MCs, may select TEs from Round 1.

You are encouraged to read modules hosted by CS/ECE which are listed as Technical Electives (TEs) under the six CEG concentrations.

Cut and paste from TE page, “… These modules may come from any of the concentrations. While there is no necessity, students may opt to focus in a particular concentration. To do so, a student should read at least 16 MCs of technical electives from the same concentration…” Please note that reading at least 16 MCs of TEs in the same concentration does NOT constitute formal requirements for ‘specialisation’, so, it will NOT be reflected in the transcript or degree scroll. Nonetheless, to encourage students to read modules listed under the six CEG concentrations, students who passed at least 16 MCs of TEs from the same concentration will be awarded a certificate upon request. Please look out for the email blast in your graduating semester (in March or Sept) and respond by the stipulated deadline.

If you are unable to secure a TE in Round 1, you may:
   a) try again in Round 2 (6 Jan), and/or
   b) try again in Round 3 (9 Jan), when queues merged (if applicable), and/or
   c) submit appeal [Type: “Unable to secure module” after Round 3. PS: This (correct) appeal type will only be available from 13 Jan (Mon), 0000 hrs. Submitting via the wrong appeal types will only result in further delays.

Please do not email me/module host department to appeal/request for pre-allocation of CS/EE-coded TEs; not possible. Please be flexible in your choice of TEs.

5. General Education Modules (GEM) and Unrestricted Elective Modules (UEM)
Students who wish to read GEM and/or UEM have to ensure that the timetables of these modules do NOT clash with the timetable (lect, tut, lab AND exam) of their core modules. Please refer to the list of GEMs available in Sem 2, AY19/20 via NUSMods and GE website for more details. You can Select Module for these GEM and/or UEM from Round 2.

6. Important Websites
Please refer to the following websites for important information:
- CEG Third Year Students website
- Programme Requirements and Technical Elective Rules [A similar briefing for AY18 intake will be conducted around Feb.]
- S/U Policy
- CEG Recommended Study Schedules
- AFG/FFG Checklists
- **Examination Timetable**: Please check for timetable/examination clashes using [NUSMods](https://www.nusmods.com) before selecting your modules.

For enquiries, email me at cegcwn@nus.edu.sg. PS: Type my email address instead of searching by name. There’s a student with the same name.

Do note that tomorrow (31 Dec) is a University holiday while 1 Jan 2020 (Wed) is a public holiday, so please allow some time for us (i.e. the respective offices) to process/reply.

Last but not least, you are reminded to check and clear your NUSNET email regularly. For ease of correspondence, please retain the email history and sign-off with your name and student ID. Emails sent from students’ personal email accounts have been (randomly) routed to my spam/junk folder (which I don’t check).

Regards

Winnie
