Dear Students,

Welcome to Semester 1, Academic Year 2021/2022!

Do take note of the following important announcements:

1. Freshmen Welcome / Important Curriculum Talk (19 July, Mon, 2.00pm)

A reminder for the Freshmen Welcome Briefing on 19 July, 2.00pm via Zoom. We will present important academic issues, including your curriculum, timetabling matters, module planning, etc.

Zoom details:
https://nus-sg.zoom.us/j/82925339733?pwd=S09MK0gwUVVRSENSTkZwalZhMm9Bdz09
Meeting ID: 829 2533 9733
Password: 338522

Note that you need to sign into Zoom using your NUS account (refer to Wiki.nus guide if you encounter any issue). Choose “Sign in with SSO” option, enter “nus-sg” for Company Domain, then use your NUSNET ID and password.

2. Module Registration System

Module Registration is done via ModReg@EduRec (myEduRec > Academics > Module Registration). Please take note of the various dates for each module selection round as stated at the ModReg Schedule Module Selection Round 1 starts on 22 July 2021.

Refer to the website http://www.nus.edu.sg/ModReg/ for the detailed information. Please look through the User Guide and learn how to use the ModReg system before 22 July 2021.

If there are any changes to your overseas declaration, please update via the Overseas Travel Declaration (OTD) system before you can participate in ModReg.

You will also need to make your Academic Declaration before you can access ModReg. User guide can be found at http://www.nus.edu.sg/ModReg/docs/User-Guide-(Std)_AcadPlan_Decln.pdf. Students are required to complete their Academic Plan declaration 24 hours before participating in the module registration exercise. Please note that for your Academic Plan Declaration, there is no need to declare any CEG ‘Specialisation’ or ‘Tracks’ (not applicable for CEG). You will not be able to select them in ModReg as they are not configured for your selection. It is not compulsory to declare any major/minor especially you are in your first semester & if you are unsure whether to take a 2nd major/minor. Students may declare their 2nd major/minor in subsequent semesters.
Please refer to the Recommended Schedule for CEG students at https://ceg.nus.edu.sg/students/studyschedule/ [look under Recommended study schedule for CEG students (Student admitted to CEG1 in AY2021/22) for the modules you are recommended to take in this semester.

Do check your NUS email account regularly for updates on module and tutorial registrations for the coming semester. All email correspondences will be sent to your NUS email only & not to your personal email.

3. Core modules

CEG1 students

</tbody>
</table>

You will be assigned to a Group e.g. C02- C11. You may refer to https://ceg.nus.edu.sg/students/first_year/ > (C02-C11 grouping, Sem 1, AY21-22 for your grouping and look for the timetable of your assigned group.

As there is class size constraint on the number of students in each CS1010 tut and lab group, we do not allow students to request to switch to other groups (unless you can find a mutual swap with another student from other groups).

NOTE 1: Please refer to Point 3 above for the core modules that will be preallocated by the respective departments. ECE dept will allocate CG1111A. OUP will allocate MA1511/MA1512 and EG1311. It may take some time for them to allocate the modules to all Eng students. If you are not allocated the above modules by 23 July, email to engbox28@nus.edu.sg for modules allocated by OUP and Ms Elyn Yip at eleylye@nus.edu.sg for CG1111A. More details on the common engineering modules can
If you did not see any modules, please check if you have completed the two e-modules ‘A Culture of Respect and Consent’ & ‘Student Essentials’. Please ensure that you have completed them, otherwise modules cannot be allocated to you.

NOTE 2: Results for QET will be released on 21 July. Students who are required to take (ES1000/ES1103) English modules may select a sectional group from Round 1 (22 July) onwards. You are strongly advised to manage your timetable well and complete ES1103 in the current semester. This is especially for CEG students as you are required to take ES2531 in sem 3; and ES1103 is part of the pre-requisite for ES2531. Students not required to do ES1000/ES1103 can select a UE/GE module (GE/UEM modules available from Round 2). Please do not select any GE modules that have timetable clash with your pre-allocated modules.

NOTE 3: ‘A’ level students without ‘A’ or ‘H2’ level Physics (or its equivalent) are required to take PC1201 as a bridging module, in semester 1 (which will be pre-allocated by OUP); please email me to highlight this (no 'A' level Physics or equivalent) if you have not done so. You will postpone ES1103/UEM till another semester. You will follow C05 timetable schedule.

NOTE 4: The maximum workload is a total of 23 MCs in Sem 1 AY21/22. You are not allowed to overload yourself by taking more than 23 MCs of modules in the 1st semester. For students in special programmes (E-Scholars, DDP, iDP, USP etc.), the maximum workload will be capped at 27MCs. This means that only students in the above listed approved special programme will be able to register beyond 23MCs in Round 3.

The minimum semestral workload is 18 MCs. Refer to Undergraduate continuation and graduation requirements for details.

4. Tutorial and Lab Groups Registration

<table>
<thead>
<tr>

<td>No Lab session</td>
</tr>
<tr>
<td>---------------</td>
<td>---------------------------------------------------------------------------------</td>
<td>----------------</td>
</tr>
<tr>
<td>PC1201 (for students without A level Physics)</td>
<td>Select Tutorial in Round 1 on 11 Aug</td>
<td>No lab session</td>
</tr>
</tbody>
</table>

**NOTE 1:** CS1010 tutorial and lab sessions are conducted F2F. **Students who are unable to attend the F2F session may submit their request via [https://forms.gle/LFynzVVsXQ3iUq2F8](https://forms.gle/LFynzVVsXQ3iUq2F8)**

**NOTE 2:** Lab sessions for CG1111A will be allocated. Students assigned to a specific class B01,B02,B03 and B04.

Due to a need to balance the total number of students in each lab groups, some of you may be assigned to a different lab group that is different from the class timetable schedule for C01-C11. Do not be alarmed when you are assigned to a different lab group.

CG1111A is a heavily hands-on module (with 18 labs & a team-based hands-on project). We will **NOT** be allowing overseas students who are unable to attend the class physically to enrol into CG1111A in Sem 1, AY21-22.

For those who arrive slightly later, e.g. due to the need to serve your SHN, etc., we can still accept you if you can join the F2F sessions by the beginning of Week 3 on 23 Aug. Beyond that, you would have missed too many hands-on sessions, and it is better for you to take the module next year.
Please let me know by emailing to comlowmb@nus.edu.sg if you are unable to read CG1111A. You may select for a GE/UEM module via modreg in Round 2 instead.

**NOTE 3:** * EG1311 will involve hands-on f2f lab sessions. If your SHN extends beyond Week 3/unable to attend f2f sessions by Week 3, you are advised to drop this module in ModReg and defer it to another semester. You may try to select other modules (e.g. DTK1234, PF1101, GE/UE module) in ModReg in place of EG1311. Please check for timetables clashes using [https://nusmods.com/timetable/sem-1](https://nusmods.com/timetable/sem-1).

Lecture and labs are pre-allocated. Students who wish to swap lab can drop the allocated slot and ballot for a preferred slot in Select Tutorials/Labs.

Only PC1201 lecture will be allocated (re Note 3 above). You need to **ballot for your tutorial and lab grp on 11 Aug, 9am.**

If you have enquiries on the tutorial and lab group registration, please contact the following personnel:

CG1111A: email to Ms Elyn Yip (eleylye@nus.edu.sg)

EG1311, PC1201, MA1511/MA1512: email to OUP (engbox28@nus.edu.sg)

CS1010: email to Mr Low Mun Bak (comlowmb@nus.edu.sg)

---

5. **University Level Requirement (ULR) modules**

The General Education (GE) framework was reviewed and reformed to ensure that the GE curriculum continues to provide a unique and relevant learning experience for students to thrive in today’s rapidly-changing world. With effect from AY2021-22, the enhanced General Education curriculum consists of 6 pillars:

- Cultures and Connections (modules with prefix GEC)
- Singapore Studies (modules with prefix GESS)
- Critique and Expression (fulfil by ES2531)
- Data Literacy (fulfil by GEA1000)
- Digital Literacy (fulfil by CS1010)
- Communities and Engagement (will be offered only from AY2022-23, modules with prefix GEN)

More details can be found at
[https://www.nus.edu.sg/registrar/academic-information-policies/undergraduate-students/general-education/for-students-admitted-from-ay2021-22](https://www.nus.edu.sg/registrar/academic-information-policies/undergraduate-students/general-education/for-students-admitted-from-ay2021-22)

[https://www.nus.edu.sg/registrar/academic-information-policies/undergraduate-students/general-education/faqs-for-students-admitted-from-ay2021-22](https://www.nus.edu.sg/registrar/academic-information-policies/undergraduate-students/general-education/faqs-for-students-admitted-from-ay2021-22)

For **UTCP & RVRC** students, please refer to your respective programmes website for the University Level Requirements.

6. **Important Websites**

You can refer to the following websites for important information on:
- [Undergraduate degree requirements](https://www.nus.edu.sg/registrar/academic-information-policies/undergraduate-students/general-education/)
- Details on CEG programme and information for CEG First Year Student can be found at
CEG homepage and CEG First Year students webpage.

- Information on Module Registration at http://www.nus.edu.sg/ModReg/using_modreg_undergraduate.html

- S/U Policy

- Examination timetable at https://myportal.nus.edu.sg/studentportal/academics/all/examination-directory.html

- Plan your modules/timetable using https://nusmods.com/modules (does not work on Internet Explorer, use Google Chrome or Mozilla Firefox).

If you have any enquiries on module allocation, you may contact me via comlowmb@nus.edu.sg. For academic advice, kindly contact your Year 1 Academic Coordinator, Ravi Suppiah (ravi.suppiah@nus.edu.sg). For ease of correspondence, please use your nusnet account, include your name and student number (Axxxxxxxx); do retain the email history.

With Best Regards,

LOW Mun Bak (Mr) : Assistant Senior Manager : School of Computing, National University of Singapore:Undergraduate Office : Computing 1, 13 Computing Drive, 02-19, Singapore 117417 : 65-6516 5129(DID) ::65- 6777 9096 (Fax) :: lowmb@nus.edu.sg (E) :: www.comp.nus.edu.sg (W) Company Registration No: 200604346E
