Dear Students,

Please take note of the following important announcement for Academic Year 2021/2022, Sem 2.

1. Module Registration System

Module Registration is done via ModReg@EduRec (myEduRec > Academics > Module Registration). Please take note of the various dates for each module selection round as stated at the ModReg Schedule. Module Selection Round 0 starts on 7 Dec 2021. Refer to the website http://www.nus.edu.sg/ModReg/index.html for the detailed information. Please look through the User guide if you need a refresher on how to use the ModReg system.

If there are any changes to your overseas declaration, please update via the Overseas Travel Declaration (OTD) system before you can participate in ModReg.

You are also required to make your Academic Declaration before you can access ModReg. Students are required to complete their Academic Plan declaration 24 hours before participating in the module registration exercise.

You may refer to the user guide here. Please note that for your Academic Plan Declaration, there is no need to declare CEG ‘Specialisation’ or ‘Tracks’ (not applicable for CEG). You will not be able to select them in ModReg as they are not configured for your selection. It is not compulsory to declare any major/minor especially you are only in your first semester or if you are unsure whether to take a 2nd major/minor. Students may declare their 2nd major/minor in subsequent semesters.

Please refer to the Recommended Schedule for CEG students at https://ceg.nus.edu.sg/students/studyschedule/ [look under Recommended study schedule for CEG2 (Poly) in AY2021/22] for the modules you are recommended to take in this semester. Do check your NUS email regularly as important announcement/updates on module registration will be sent to your NUS email account.

For students with a CAP of more than or equal to 2.0, the maximum workload (pre-allocated &
selected modules) is 23MCs for Rounds 1 and 2, and 25MCs for Round 3 onwards. This
means that students can select up to 23 MCs (inclusive of pre-allocated modules) up to
Round 2 and up to 25 MCs from Round 3 onwards. For students with a CAP of less than
2.0, the maximum semestral workload is 22 MCs (pre-allocated & selected) for all rounds.
This means that you cannot exceed a workload of 22 MCs in the semester.

For students in Special Programmes (e.g. E-Scholar, DDP, USP) who wish to exceed your
workload beyond 25 MCs, please email the below info to your Year 2 Academic
Coordinator, Dr Rajesh Panicker (eleraje@nus.edu.sg) and c.c. me
(comlowmb@nus.edu.sg). Please do not submit your appeal for overloading via
modreg as it will be rejected.

(i) Total MCs planning to take in semester 2
(ii) supporting reasons for exceeding maximum workload in semester 2
(iii) Sem 2 workplan (module code, title and its respective MCs)
(iv) Sem 1 results and CAP
(v) personal details (full name, matric no, course code)

Please note that workload increase (if approved) will only take effect from Round 3 onwards.

- Data Literacy (fulfil by GEA1000)
- Digital Literacy (fulfil by CS1010)
- Communities and Engagement (will be offered only from AY2022-23, modules with prefix GEN)
