Dear Students,

Please note that the final batch of approved internship postings has been published in TalentConnect. If you have not submitted any applications, please do so asap. The deadline to secure your VIA placement is 14 Apr. If you are unable to secure or register an internship by the deadline, you may have to defer your internship to a later term which may delay your graduation.

If you have accepted an offer via TalentConnect (TC), please be reminded that you do not need to complete the TC Experiential Learning Form/Record. However all students must complete the Canvas Enrolment Survey after securing their VIA placement (TC or Self-Initiated Placement). This will facilitate the registration of your internship under the VIA and the issuance of the Internship Support Letter.

If you have any queries or require further assistance, please email us at [cde.iacareer.ug@nus.edu.sg](mailto:cde.iacareer.ug@nus.edu.sg).

Keep Well,

Careers & Internships Team

Dear Students,

Please note that a new batch of internship postings from employers such as CPG Consultants and BW Offshore have been published.

Do take time to look through the available postings and submit your applications soon. Many employers have begun reviewing applications and some are looking to confirm their interns soon. As such their TalentConnect postings may no longer be made available once expired. And do also broaden your search to engineering related opportunities under Position Type: 'Contract Full-time Job' and 'Vacation Internships - Local (Open to all Faculties)'.

Please note that you are required to secure your VIA placement by 14 April. If you require assistance with your resume, cover letter or interview skills, please make an appointment with the [Engineering Career Advisors](#).

Please email us at [cde.iacareer.ug@nus.edu.sg](mailto:cde.iacareer.ug@nus.edu.sg) if you have any queries or require further assistance.

Keep Well,
