3. Professional Branding and Global Mindsets
4. A Recruiter’s Perspective on Interview Preparation and Hiring Trends (In-Person)
5. Networking and Professional Presentation
6. Internships and Workplace Behaviors
WHAT STUDENTS SAY ABOUT CFG1002?

“CFG1002 was eye-opening and gave me confidence when I applied for jobs. This mod greatly benefitted me by providing insightful tips required to land my first internship. The module provided us with essential skills that helped with our personal branding and development. Do not waste the opportunities provided by the CFG team and try to attend career-related workshops tailored to help you out.”

- Goh Jun Hui, Jordan, Industrial & Systems Engineering, Year 3

“CFG1002 is a well-structured course that has provided me with many useful tips on essential job application and hunting skills, such as utilising C.A.R. statements for an impactful resume, interview tips and how to form meaningful networks. I found myself falling back to the module’s content for guidance when preparing my resume! CFG1002 is definitely an easy-to-follow and comprehensive course to take.”

- Hanis Binte Safarin, Materials Science and Engineering, Year 3

GAIN VALUABLE WORK EXPERIENCE
WHILE LIVING ABROAD

» Gain wider business and cultural perspectives
» Enhance your adaptability and resilience
» Improve your foreign language skills
» Increase employability

This internship experience has definitely shaped my outlook towards global careers. Not only was I able to gain some professional experience in a work environment different from what I was used to, but I also experienced a new country and culture. The challenges faced have brought me new connections around the world, which I believe can play a key role to my success in future.

LOW XIN YI, ECONOMICS STUDENT
DATA ANALYST INTERN
Additional Tips
Start Early:

✓ Technical Skills (2nd major, minor, e-learning)
✓ Transferrable Skills (eg, communication, collaboration, leadership)
✓ Networking (professional, personal, LinkedIn, conNectUS)
✓ Build your portfolio and LinkedIn profile

✓ Effective and relevant Resume (customized) / Cover Letter / Interview Skills
✓ Take part in hackathon / competition
✓ Check out CFG online resources
✓ Attend Career Fair / Industry Sharing / Recruitment Talks
### WHO
- For non-healthcare undergraduate students (by 2nd last year of degree programme) hoping to gain a deeper understanding and better application and appreciation of current healthcare topics and trends.
- MIH pairs well with majors in CDE, SOC, CHS (e.g., Life Sciences, Pharmaceutical Science, FST, Environmental Studies, Data Science and Analytics/Economics, CNM, Psychology, Social Work, Sociology, PPE, Anthropology, Geography, Global Studies) and even Business (e.g., businesses in health products/equipment/services)

### HOW
Courses in MIH are primarily conducted through:
- Team-based projects
- Peer-to-peer learning activities
- Dialogue sessions
- Real-life case studies
- Field trips

### WHAT
1. **MIH1101**: What Impacts Health?
2. **MIH1102**: Improving Health: Beyond Medicine
3. **MIH2201**: Barriers to Health
4. **MIH2202**: The Landscape of Health: Evolving Spaces and Technology
5. **MIH3201**: Integrative Health Capstone

(Note: All courses are 4 units each. MIH takes minimally 2 years to complete)

### WHY
Contribute to Healthier SG through community partnerships with organizations from industry sectors such as:
- **Healthcare, MedTech & Pharma**
  (e.g., Merck, HPB, MOH Holdings, iHiS)
- **Design, Architecture and Facilities Management**
  (e.g., Surbana Jurong, DP Architects)
- **Health Consulting**
  (e.g., IQVIA, Kantar Health, Ernst & Young)
AI and Tech Tools
AI AND TECH TOOLS
Supporting your career preparation and job search
