Subject: [IMPORTANT] Deadline to Secure IA Placement - 15 Nov 2024: EG3611A Industrial Attachment (AY24/25 Sem 2)

Dear Students,

A reminder that the deadline to secure your IA placement is **Friday, 15 Nov 2024**. You must do one of the following by the deadline.

1. Accept an employer's offer via TalentConnect (TC); or
2. Submit your Self-initiated application via the Enhancement Programme (EP) portal.

Do note that all students must complete the Canvas Enrolment Survey. Failure to do so may result in issues or a delay in registering your IA placement in the EP portal.

- If you have accepted an offer via TalentConnect, please be reminded that you do not need to complete the Experiential Learning Form/Record in TalentConnect.

To check if your internship has been successfully registered under the IA,

- Login to the EP portal.
- Click on 'View Enhancement Programme' -> 'View Programme Status'.
- Do note that for the majority of students, the 'Start and End Date' will reflect the official IA period. If you have been approved for an alternate IA period, it will reflect accordingly. The 'Start and End Date' indicates the period whereby your deliverables will take reference to and may not reflect your actual internship period.

If you require an extension to the deadline, please submit your request with reasons via email to cde.iacareer.ug@nus.edu.sg. Each request will be reviewed on a case by case basis.

- If you are looking for additional opportunities to apply to, please check with your Dept IA Administrators.
- Do note that you may have to defer your IA if you are unable to secure an internship by the deadline which may cause a delay in your graduation. The IA cannot be done concurrently with the FYP or Design Projects.

We advise that you re-watch Pre-Internship Briefing (Part 2) if you are unsure of any of the processes.

If you have any questions or require further assistance, please email cde.iacareer.ug@nus.edu.sg with your name and matriculation number. Do note that we are experiencing a high volume of emails during this period and may take a little longer to respond. Please refrain from sending multiple emails.

Keep Well,
