Subject: SUSEP Application for Semester 1, AY2025/2026

Dear Students,

We are pleased to inform that the application for Singapore Universities Student Exchange Programme (SUSEP) for Semester 1, AY2025/2026 is now open for application.

For more information on SUSEP, please refer to: <https://nus.edu.sg/registrar/docs/info/academic-information-policies/Admin-Details-SUSEP.pdf>. It is important for you to know the course restrictions for the respective partner universities. Due to the restrictions set by the partner universities, students are to apply for partial exchange as the default mode of exchange.

Please note that the quota allocated to SoC (including CEG) is NTU (5 places), SMU (4 places), SUSS (2 place) and SIT (1 place). Please do not be disappointed if you are not selected for SUSEP. Also, please be reminded that if you are filing for graduation in Semester 1, AY2025/2026 you are not eligible for SUSEP.

Applications are to be submitted online via [EduRec](#) (**Navigation Path: [EduRec](#) > Self Service > Global Education > External Study Application > School of Computing - AY25/26, semester 1 SUSEP Application**).

by the deadline of 02 February 2025, Sunday, 2359PM. It is mandatory for you to submit a **Study plan** as supporting document for your SUSEP application. Failing to do so will result in an incomplete application, and your submission will be voided. Please note that there won't be any reminders for missing documents, so make sure to include the study plan and you can refer [here](#) for the study plan template. Email submissions for supporting documents are not accepted.

You will be informed of the application outcome by end February 2025. Please note that you will have to apply to the respective partner university if you are selected. We will provide you with the necessary information in due course.

Please feel free to check with me if you have any questions and we look forward to your participation!

Thank you.

Best Regards
