[Important Announcement to all CDE Freshmen - AY20262027 Semester 1.msg](#)

This email is meant for CEG1 students of AY2026/27 intake

***** PLEASE DO NOT DELETE THIS EMAIL AS IT CONTAINS VITAL INFORMATION REGARDING COURSE REGISTRATION *****

Dear Students,

Welcome to Sem 1, Academic Year 2026/2027! Kindly take note of the following important announcement:

1. Freshmen Welcome / Important Curriculum Talk (17 July, Fri, 10am - 4pm)

A reminder that the Freshmen Welcome / Curriculum Talk is on 17 July, at 10am at LT7A (Blk EA). There will be an **Important briefing on CEG curriculum at 2pm**, we urged you to attend the Curriculum Talk as we will present important academic issues, including your curriculum, timetabling matters, course planning, etc.

2. Course Registration System (CourseReg)

Please note that Course Registration is done via CourseReg@EduRec ([myEduRec](#) > Academics > Course Registration). Please take note of the various dates for each course selection round as stated at the [CourseReg Schedule](#) Course Selection **Round 1** starts on **20 July**.

Refer to the CourseReg website <https://nus.edu.sg/coursereg/index.html> for the detailed information. Please look through the [User guide](#) & [Videos](#) on how to use the system.

You are required to make your [Academic Declaration](#) before you can access CourseReg. Please **complete your Academic Plan declaration** (where appropriate) at least 24 hours before participating in the CourseReg Exercise. The Academic Plan Declaration page is accessible from **13 July (9am)**. **Please do your declaration by 18 July to be on time for Round 1 selection.** You may refer to the user guide [here](#)

Please be informed that for your Academic Plan Declaration, there is **no need** to declare your CEG 'Specialisation'. You will not be able to select them as they are not configured for your selection. If you did not accept any major/minor upon admission, it is not compulsory to declare any 2nd major/minor especially you are in your first semester & if you are unsure whether to take a 2nd major/minor. Students may declare it in subsequent semesters.

Do check your NUS email account regularly for updates on course and tutorial registrations for the coming semester. **All email correspondences will be sent to your NUS email only & not to your personal email.**

You should have received an email from CDE Office of Undergraduate Programme (OUP) office, please read the email. See attached for reference.

Freshmen are required to complete **Higher Education (T.H.E.) Programme courses**, on top of completing both Check-in and Onboarding before they are considered to have completed matriculation. A reminder to complete the two e-courses 'A Culture of Respect and Consent' & 'Student Essentials' if you

have not do so. Otherwise, you may not be able to access CourseReg to enrol courses, you will be tag with Negative Service Index (NSI).

THE1001 (A Culture of Respect and Consent) and THE1002 (Student Essentials) must be completed by the stipulated deadlines (i.e. early in the semester), to familiarise students with the expectations of an NUS student early in their higher education journey. Find out more about these 2 courses [here](#).

THE1008 (Applied Generative AI: From Prompting to Evaluation) is mandatory for all undergraduate students from Cohort 2026 onwards and should be completed in their first semester of enrolment. Find out more about the course [here](#). For enquiries, please email AI-Basic@nus.edu.sg.

For the other 3 courses (i.e. THE1003A, THE1004, THE1005), students have the flexibility to complete them at any point during their candidature in the university. Find out more about the T.H.E. Programme [here](#).

3. Core courses

Please refer to the Recommended Schedule for CEG students at https://ceg.nus.edu.sg/wp-content/uploads/sites/4/2026/07/AY2627_CEG1-Recommended-Schedule-Direct_1Jul26_Updated-1.pdf [look under Recommended Study Schedule for CEG Students (Students admitted to CEG1 in AY2026/27) for the courses you are recommended to take in this semester.

ES1103 OR GE / UE Course	[ES1103] Select in CourseReg (from Round 1, 20 July) [for students who are required to do QET & scored Band 2 in QET] See details at https://www.nus.edu.sg/registrar/academic-activities/registration/academic-related-matters/qet [GE / UE Course] Select in CourseReg (from Round 2) e.g. GEC courses https://nus.edu.sg/coursereg/course_information_undergraduate.html https://www.nus.edu.sg/registrar/academic-information-policies/undergraduate-students/general-education/list-of-courses-approved-

***NOTE 1:** CG1111A lecture & lab slot will be pre-allocated by ECE Office/Winnie in Select Courses (Rd 1) and the accompanying CG1111A tut (in weeks 3, 5 & 9) will be allocated AFTER Rd 3. Please do not select other course that clash with your CG1111A allocated slots. **Due to the lab constraint, students are NOT allowed to change the lab group assigned.** If you still persist for whatsoever reason, please look for a mutual swap (WITHOUT timetable clash for both parties involved) then submit CourseReg appeal with the details (i.e. name, student ID and original lab slot - B0# - of both parties involved).

***NOTE 2:** Please select both MA1511 & MA1512 as both are 2units courses sharing the similar timetable and should be taken in the same semester. E.g. MA1511 (Week 1-6), MA1512 (Week 8-13).

***NOTE 3:** Results of QET will be released online on 20 July online [here](#).

- Students who obtain Band 1 will have to take ES1000 followed by ES1103.
- Students who obtain Band 2 will have to take ES1103.
- Students who obtain Band 3 are exempted from these English courses.

More details at <https://www.nus.edu.sg/celc/qualifying-english-test-qet/> Students who are required to take (ES1000/ES1103) English courses may select a sectional group from Round 1 (20 July) onwards. Students not required to do ES1000/ES1103 may select a GEC course (GE courses available from Round 2). Please do not select any GE courses that have timetable clash with your pre-allocated courses.

NOTE 4: 'A' level students without 'A' or 'H2' level Physics (or its equivalent) are required to take PC1201 as a bridging course, in semester 1 (which will be pre-allocated by OUP); **please email me to highlight this (no 'A' level Physics or equivalent) if you have not done so.** You will postpone ES1103/UEM till another semester.

NOTE 5: The maximum workload is a total of **23 units** in Sem1 AY26/27. For students in special programmes (E-Scholars, DDP, USP, etc), the maximum workload will be capped at 27 units. Only students in the above listed approved special programmes will be able to select beyond 23 units, but only in Round 3. **Note that the 23 units max workload is strictly enforced by the university for freshmen, no exception will be granted.**
