Subject: [Update] New Internship Opportunities & Important IA Reminders: EG3611A Industrial Attachment (AY26/27 Sem 2)

Dear Students,

A new batch of approved job postings is now available on TalentConnect! Explore opportunities from employers such as Amgen, Halliburton, Obayashi Singapore, Sembcorp, ST Engineering, Versuni, VisionPower Semiconductor Manufacturing and WUXI XDC, depending on your engineering discipline.

1. Most job postings are expiring soon
Majority of the job postings will expire this Friday, 13 November 2026.
We strongly encourage you to explore the available opportunities and submit your applications early before the postings expire.

You can check the application deadline by clicking on the respective job posting in TalentConnect.

2. IA placement deadline extended to 4 December 2026
The extension to 4 December 2026 is a strict deadline. If you anticipate any critical or unforeseen circumstances that may prevent you from meeting this deadline, please contact the Careers & Internship Team as soon as possible with your matriculation number and reason(s).

If you have submitted multiple applications but are still facing difficulties securing an internship or have attended multiple interviews but are yet to receive an offer, we strongly encourage you to book an appointment with a Career Advisor for support with reviewing your CV and/or cover letter, refining your interview skills and conducting mock interviews.

Students who are unable to secure and register an internship by the deadline may need to defer their IA to a later semester, which could affect their graduation timeline. Please also note that IA cannot be undertaken concurrently with your FYP, Design Projects or UROP/UREx.

3. Remember to register your Placement
Accepting an internship offer does not automatically complete your IA registration. You must submit either a Placement Form or Self-Sourced Placement Form via TalentConnect to register your internship under IA.

Please ensure that you complete this step promptly to avoid any delays in processing your placement.

If you have applied and accepted an offer in TalentConnect, please submit your Placement Form following the steps below:

1. Login to TalentConnect
2. Under 'Your Work Attachment', click 'View Progress'
3. From the left navigation menu, click 'Accepted Offer' followed by 'Submit Placement Form'.
   Important: Ensure the correct internship start and end dates is entered.

If you sourced your internship externally, including opportunities listed on TalentConnect for which you applied directly through the employer's website, you must submit a Self-Sourced Application by following the steps below:

1. Login to TalentConnect
2. Under 'Your Work Attachment', click 'View All Your Work Attachments'.
3. From the left navigation menu, click 'Add Self-Sourced Job'
   Important:
   - Enter the correct internship start and end dates, as these dates will be reflected on your internship letter.

- Select the company name you wish to reflect on your internship letter from the dropdown list. If the company name is not listed, you may manually enter it.
- Upload the Self-Sourced Placement Form under the "Offer Letter/Letter of Agreement" field. Please ensure that the form has been endorsed / signed by your employer before submission.
- We recommend submitting the Self-Sourced Application directly without saving it as a draft first.

Review process for both Placement and Self-Sourced Form will take 1–2 weeks. Once your application is approved, you and your employer will receive your internship letter. Should you need a refresher on the process, you may refer to the Pre-Application Briefing video.

To check if your internship has been successfully registered under the IA:

1. Login to TalentConnect
2. Under 'Your Work Attachment', click 'View All Your Work Attachments'.
3. Check whether your internship details are displayed under 'Ongoing workflow'.

If your internship details are displayed there, your placement has been successfully registered under the IA. Upon approval of Placement / Self-Sourced Form, you and your employer should receive the internship letter. A copy can be downloaded in TalentConnect by clicking on 'Letter', followed by 'Internship Support Letter – CDE – EG3611A Industrial Attachment'.

If you have any questions or require assistance, please email us at cde.iacareer.ug@nus.edu.sg with your full name and matriculation number.

Best Regards,
Careers & Internship Team

Subject: [Update] IA Placement Deadline Extended – Reminder to Register Your Internship: EG3611A Industrial Attachment (AY26/27 Sem 2)

Dear Students,

A new batch of approved internship postings is now available on TalentConnect! Opportunities from employers such as Amgen, Building and Construction Authority (BCA), Changi Airports, Ecolab, Hanwha Ocean, SP Group, Synapxe, and more are open for applications, depending on your engineering discipline.

Please take note of the following important updates and reminders.
1. Extension of IA placement deadline
We understand that some of you may need more time to secure an internship. As such, a one-time extension of the IA placement deadline has been granted to **4 December 2026**. Please note that this is a strict deadline, and no further extensions will be granted.

If you have submitted multiple applications but are still having difficulty securing an internship, we strongly encourage you to make an appointment with your Career Advisor to review your resume and interview approach.

Students who are unable to secure and register an internship by the deadline may need to defer their IA to a later semester, which could affect their graduation timeline. Please also note that IA cannot be undertaken concurrently with your FYP or Design Projects.

2. Reminder to register your internship
We have noticed that some students who accepted an offer on TalentConnect have yet to submit their Placement Form. Please remember that accepting an offer alone does not complete your IA registration. You must submit the Placement Form to register your internship under the IA.

To submit your Placement Form:

1. Login to TalentConnect
2. Under 'Your Work Attachment', click 'View Progress'
3. From the left navigation menu, click 'Accepted Offer' followed by 'Submit Placement Form'.
   Important: Ensure the correct internship start and end dates is entered.

If you sourced your internship externally, including opportunities listed on TalentConnect for which you applied directly through the employer's website, you must submit a Self-Sourced Application instead.

To submit your Self-Sourced Form:

1. Login to TalentConnect
2. Under 'Your Work Attachment', click 'View All Your Work Attachments'.
3. From the left navigation menu, click 'Add Self-Sourced Job'
   Important:
   - Enter the correct internship start and end dates, as these dates will be reflected on your internship letter.
   - Select the company name you wish to reflect on your internship letter from the dropdown list. If the company name is not listed, you may manually enter it.
   - Upload the Self-Sourced Placement Form under the "Offer Letter/Letter of Agreement" field.
   - We recommend submitting the Self-Sourced Application directly without saving it as a draft first.

Review process for both Placement and Self-Sourced Form will take 1–2 weeks. Once your application is approved, you and your employer will receive your internship letter.

Should you need a refresher on the process, you may refer to the Pre-Application Briefing video.

3. How to check your IA registration & download internship letter
To check if your internship has been successfully registered under the IA:

1. Login to TalentConnect
2. Under 'Your Work Attachment', click 'View All Your Work Attachments'.
3. Check whether your internship details are displayed under 'Ongoing workflow'.

If your internship details are displayed there, your placement has been successfully registered under the IA.

Upon approval of Placement / Self-Sourced Form, you and your employer should receive the internship letter. A copy can be downloaded in TalentConnect by clicking on 'Letter', followed by 'Internship Support Letter – CDE – EG3611A Industrial Attachment'.

If you have any questions or require assistance, please email us at cde.iacareer.ug@nus.edu.sg with your full name and matriculation number.

Best Regards,
Careers & Internship Team

Subject: [REMINDER] IA Placement Deadline, New Job Postings & UMC Career Talk: EG3611A Industrial Attachment (AY26/27 Sem 2)

Dear students,

We hope your internship search is going well!

With the deadline to secure your IA placement approaching, we would like to share a few important reminders and updates to support you in your internship search.

1. Deadline to secure your IA placement
Please be reminded that you are required to secure your IA placement by **13 November 2026.**

If you have not yet submitted any applications through TalentConnect or via self-sourcing, we encourage you job search as soon as possible. The recruitment process can take some time, with employers typically taking at least two weeks to review applications, and in some cases one to two months to complete the selection process.

If you have submitted multiple applications but are having difficulty securing an internship, you are strongly encouraged to make an appointment with your Career Advisor to review your resume and interview approach.

Students who are unable to secure or register an internship by the deadline may need to defer their IA to a later semester, which could affect your graduation timeline.

2. New job postings & checking internship eligibility
A new batch of internship opportunities from employers such as Certis Group, ComfortDelGro, Energy Market Authority, Engie Services, Fabrica Robotics, Infineon Technologies, Sanofi, Sembcorp, United Microelectronics and more is now available on TalentConnect. Please note that you will only be able to view and apply for EG3611A AY26/27 Sem 2 roles that have been approved for your engineering discipline.

When searching for internships on TalentConnect, you may verify if the posting is eligible for EG3611A AY26/27 Sem 2 by:

- Clicking on "Available Internship Programmes" on the job posting and check that **"CDE-(EG3611A) Industrial Attachment"** is listed under the Eligible Programme
- Clicking on ">" to expand the details and check that the Work Term is listed as **"Academic Year 2026/2027 Semester 2"**

3. Submitting your Placement / Self-Sourced Placement Form
Once you have secured an internship, remember to submit the relevant form on TalentConnect to register your placement and obtain your internship letter:

- Placement Form - if you secured the internship through TalentConnect.
- Self-Sourced Placement Form - if you sourced the internship externally.

When submitting the form, please take note of the following:

- Enter the correct internship start and end dates, as these dates will be reflected on your internship letter.
- For Self-Sourced Applications:
    - Select the company name you wish to reflect on your internship letter from the dropdown list. If the company name is not listed, you may manually enter it.
    - Upload the Self-Sourced Placement Form under the "Offer Letter/Letter of Agreement" field.

- We recommend submitting the Self-Sourced Application directly without saving it as a draft first.
- The review process will take 1–2 weeks. Once your application is approved, you will receive your internship letter.

Should you need a refresher on the process, you may refer to the Pre-Application Briefing video.

We are still experiencing some issues with TalentConnect and are working with the relevant team to resolve them. We appreciate your patience and understanding in the meantime.

4. UMC Career Talk & Onsite Interview
Discover career and internship opportunities at UMC and be part of the teams driving semiconductor innovation across Technology Development (TD), Process, and Process Integration. If you're looking for internships in the semiconductor industry, do ensure that you register for the talk and submit your resume. Shortlisted students will be invited to an interview after the talk.

- **Date/Time:** 15 Oct, 12 to 1pm (Talk) | 1 to 4pm (Interview for shortlisted candidates)
- **Location:** E-Cubes (E4-04-05/05/07)
- Click **here** to register

If you have any questions or require assistance, please email us at cde.iacareer.ug@nus.edu.sg with your full name and matriculation number.

Best Regards,
Careers & Internship Team

Subject: [Update] TalentConnect Postings, IA Placement & Self-Sourced Application + Offer Acceptance Window: EG3611A Industrial Attachment (AY26/27 Sem 2)

Dear Students, Please take note of the following updates:

1. New batch of TalentConnect postings published
- A new batch of postings from employers such as Applied Materials, GlobalFoundries, Housing & Development Board (HDB), Rolls-Royce, ST Engineering, ThermoFisher Scientific and more are now available on TalentConnect for you to apply, depending on your engineering discipline. Please note that you will only be able to view and apply for roles that are open/approved for your engineering discipline.

2. Reminder on Student Application Window
- Please be reminded that you are required to **secure your internship placement by 13 Nov 2026**. We encourage you to start your internship search early and apply to multiple opportunities to increase your chances of securing a suitable placement before the deadline.
- In addition to the approved postings available on TalentConnect, you are also encouraged to broaden your search by self-sourcing for internship opportunities. For self-sourced internship placements, please note that the minimum monthly allowance required for Industrial Attachment is SGD $1,000.

3. Window to action on offers extended on TalentConnect
- Please note that you will have **5 calendar days**, instead of 5 business days, to review and accept/decline an offer extended through TalentConnect.

- If you require more time to consider an offer, please reach out to the employer to discuss whether an extension can be granted. We also encourage you to clarify any questions you may have before accepting the offer.
- Please consider your offer carefully before accepting. Once you have accepted an internship offer, you are expected to honour the commitment and should not withdraw it.

4. Updates on Approval of IA Placements and Self-Sourced Applications in TalentConnect

- We are pleased to share that the issue with the IA Placement Form has been resolved. Submissions will now be reviewed progressively. If your submission has been pending for a month, please reach out to the Careers & Internship Team for us to follow up.
- We are still awaiting confirmation from the TalentConnect team regarding the Self-Sourced Application function. While you may proceed to submit your application, please note that there may be a slight delay in the approval process while we await the system confirmation.

All the best with your internship search! Please email us at cde.iacareer.ug@nus.edu.sg with your full name and matriculation number if you have any query or require any assistance.

Best Regards,
Careers & Internship Team

Subject: [Update] TalentConnect Postings/Placements + CDE Career Fair 2026: EG3611A Industrial Attachment (AY26/27 Sem 2)

Dear Students,

Please take note of the following updates.

1. New batch of TalentConnect postings published

- Postings from employers such as Abbott, A*STAR, AMD, Beca Carter Hollings & Ferner, GE Vernova, GSK, Rolls Royce and more have recently been made available to you to submit your applications, depending on your engineering discipline. An "Unqualified" tag indicates that the posting is open/approved for other specific engineering disciplines, rather than your current major.

2. Delay in approval of IA placements and Self-Sourced Applications in TalentConnect

- There is currently a slight delay in approving IA placements and Self-Sourced Applications while we await system confirmation from the TalentConnect team. Please be assured we are working to resolve this quickly, and we thank you for your patience.

3. CDE Career Fair 2026 (8 and 9 Sep 2026)

- Do not miss out on on the upcoming CDE Career Fair — many of the participating companies are actively hiring for their internship roles. Check out the CDE Career Fair microsite for more information and register now! Be sure to catch the panel discussions to discover what employers are looking for and what it takes to stand out.

All the best with securing your internship placement for the IA. Please email us at cde.iacareer.ug@nus.edu.sg with your full name and matriculation number if you have any query or require any assistance.

Keep Well,
Careers & Internships Team

Subject: [Reminder] Pre-Application Quiz Deadline (23 August 2026): EG3611A Industrial Attachment (AY26/27 Sem 2)

Dear Students,

If you wish to embark on the IA in AY26/27 Sem 2, please complete the Pre-Application Quiz **with full marks within 3 attempts by 23 Aug 2026**.

- Students are to watch the Pre-Application Briefing video to **100% completion** before attempting the Quiz.
- **Students who fail to complete the Pre-Application Quiz with full marks by the deadline will be removed from the Canvas course and will be unable to continue with the application process for the IA in AY26/27 Sem 2.**

You may disregard the Quiz if you do not intend to embark on the IA in AY26/27 Sem 2. You will be removed from the Canvas course after 23 Aug 2026.

Please email us at cde.iacareer.ug@nus.edu.sg with your full name and matriculation number if you have any query or require any assistance.

Keep Well,

Careers & Internships Team

Sent: Monday, 17 August 2026 9:03 am
Subject: Student Application Window: 17 Aug to 13 Nov 2026: EG3611A Industrial Attachment (AY26/27 Sem 2)

Dear Students,

Please take note of the following.

1. Pre-Application Quiz

- Students who wish to embark on the IA in AY26/27 Sem 2 are to complete the Pre-Application Quiz **with full marks within 3 attempts by 23 Aug 2026**.
    - Students are to watch the Pre-Application Briefing video to 100% completion before attempting the Quiz.
    - Students who fail to complete the Pre-Application Quiz with full marks by the deadline will be removed from the Canvas course and will be unable to continue with the application process for the IA in AY26/27 Sem 2.
- Students who do not intend to embark on the IA in AY26/27 Sem 2 may disregard the Quiz. You will be removed from the Canvas course after 23 Aug 2026.

2. Student Application Window

- The Student Application Window is open. Students who plan to do the IA in AY26/27 Sem 2 are to secure their internship placements by **13 Nov 2026**.
    - A pool of approved postings is available in TalentConnect for you to look through and apply. New postings will be published every 2 to 3 weeks.
    - You are also encouraged to broaden your search beyond this pool of approved postings. When self-sourcing for an internship placement, do note that the minimum monthly allowance required by the Industrial Attachment is SGD1000.
- Students are strongly encouraged to make an appointment with your Career Advisor before starting on the application process, especially if this is your first internship. You may also refer to the tips provided at the end of the Pre-Application Briefing video.
- Ning Research will be having a talk on Wed 19 Aug at E-Cubes from 3 to 5pm. They are offering a Simulation Engineer internship opportunity (TalentConnect id: 6a62c2b67bbccb001dc1b258) so do not miss out on this opportunity to network and find out more! Register via this link.

All the best with securing your internship placement for the IA. Please email us at cde.iacareer.ug@nus.edu.sg with your full name and matriculation number if you have any query or require any assistance.

Keep Well,
Careers & Internships Team

Eligible for EG3611A Industrial Attachment (IA) in AY26/27 Sem 2

Dear Students,

Please be informed that you have been included into the Canvas course for EG3611A Industrial Attachment in AY26/27 Semester 2. Please note that being included in the Canvas course does not equate to an enrolment in EG3611A in AY26/27 Semester 2.

You must complete the following:

- Accept the Canvas invitation to start the administrative process.
- Watch the Pre-Application Briefing video (under Videos/Panopto) to 100% completion before attempting the Pre-Application Quiz. The briefing video will take about an hour.
- Complete the Pre-Application Quiz with full marks (10 points) within 3 attempts by **23 Aug** if you intend to embark on your IA in AY26/27 Sem 2.

Do note that you will be removed from the Canvas course and cannot embark on the IA in AY26/27 Sem 2 if you fail to complete it with full marks by the deadline.

The Student Application Window will be open from 17 Aug to 13 Nov. You must secure your internship placement by 13 Nov if you intend to embark on IA in AY26/27 Sem 2.

- New postings will be published every 2 to 3 weeks. Do start on your applications early as postings may be removed once the internship positions are filled.
- You are encouraged to make an appointment with your Career Advisor before starting on the application process, especially if this is your first internship. You may refer to the Pre-Application Briefing video for tips on securing an internship placement

If you have any queries or require any assistance, please email us at cde.iacareer.ug@nus.edu.sg with your full name and matriculation number.

Keep Well,
Careers & Internships Team
